

HOOK

Launch Event Bookings *Today?*

Getting online booking set up for your workshops doesn't have to be complicated. Our easy-to-follow process ensures you'll be taking registrations in under 10 minutes.

1 No coding needed

2 Quick installation

3 Works with most themes

01

Step 1: Get *BookWellNow*

Download the BookWellNow plugin ZIP file from WordPress.org or directly from your WordPress admin by searching 'BookWellNow' under Plugins > Add New. It's free and lightweight.

1 Download from WordPress.org

2 Search within your admin

3 Install the ZIP file

02

Step 2: Activate & *Configure*

Activate the plugin, and our NEW Booking Setup Wizard will launch automatically. It guides you through setting up your company details, first service, and staff members in just a few clicks.

1 Activate the plugin

2 Follow the Setup Wizard

3 Define services and staff

03

Step 3: Add Your *Shortcode*

Place the `[bookwell\_booking]` shortcode on any page or post where you want your booking form to appear. It's compatible with Gutenberg, Elementor, and classic editors.

1 Copy the shortcode

2 Paste on any page

3 Supports page builders

04

Step 4: Go Live & *Take Bookings*

Preview your page, and once you're happy, publish it! Your event booking system is now live, ready to accept 24/7 registrations and payments directly from your WordPress website.

1 Preview your booking page

2 Publish your page

3 Start taking appointments

Ready to take *bookings*?

Comment BOOK for your free plugin and the full installation documentation. Our team can even provide a free expert install!
