

HOOK

Is Your Event Booking *System* Holding You Back?

Many booking solutions come with hidden limits or clunky interfaces. We believe your booking system should simplify, not complicate, your events and workshops.

1 Avoid per-booking fees

2 Ensure mobile-friendly access

3 Simplify admin tasks

01

NEW: Google Calendar *Sync*

Keep your personal and professional event schedule perfectly aligned. Our new Google Calendar sync prevents double-bookings and ensures real-time availability for all your workshops.

1 Automatic calendar updates

2 Prevent scheduling conflicts

3 View all commitments in one place

02

NEW: Custom *Fields*

Gather all the specific attendee information you need directly from your booking form. Custom fields allow you to tailor intake questions for each workshop, ensuring you're fully prepared.

1 Personalize booking forms

2 Collect essential attendee data

3 Adapt forms per service

03

Unlimited Staff & *Services*

Scale your event offerings without worrying about extra costs per instructor or workshop. BookWellNow provides unlimited capacity for staff and services within the free core plugin.

1 Add all your instructors

2 Offer diverse workshops

3 Grow your business freely

04

Free PayPal *Payments*

Securely accept payments for your workshops and events directly through PayPal. This feature is included in the free plugin, providing a reliable way to manage your revenue.

1 Seamless payment processing

2 Supports sandbox mode

3 Easy setup for paid events

Ready to take *bookings*?

Comment BOOK for your free plugin and our full feature checklist. See how flexible booking can transform your event business.

1 Free core plugin
