

BEFORE

Manual Chaos & *Lost Bookings*

Before BookWellNow, managing class registrations often meant juggling phone calls, emails, and manual calendars, leading to frequent errors and frustrating clients.

1 Missed calls, lost leads

2 Manual error-prone updates

3 High admin workload

AFTER

Real-Time Booking & *Reminders*

BookWellNow transforms your class scheduling. Our system provides 24/7 online booking, instant confirmations, and NEW automated notifications, ensuring smooth operations.

1 24/7 online enrollment

2 Automated confirmations

3 Reduced communication load

BEFORE

Rescheduling *Headaches*

Client needing to change their class? It meant more phone calls, back-and-forth emails, and staff spending precious time on administrative tasks instead of teaching.

1 Phone tag with clients

2 Staff time consumed

3 Potential for miscommunication

AFTER

Client *Self-Reschedule (NEW)*

Our NEW client reschedule feature empowers students to change their class times independently. This reduces support inquiries and gives clients control over their schedule.

1 Clients manage their own bookings

2 Fewer calls and emails for staff

3 Increased client satisfaction

BEFORE

High No-Show *Rates*

Without proactive reminders, students might forget their scheduled classes, leading to empty seats, lost revenue, and wasted instructor time for your course business.

1 Empty class slots

2 Lost income potential

3 Inconvenience for instructors

Ready for *Automated Ease*?

Comment BOOK for free plugin + setup checklist, or DM 'automation' for expert installation.

1 Free core plugin

2 Expert setup service
