

## HOOK

# Still battling *paper card* problems?

Real estate agents, you know the drill: stacks of paper cards, outdated phone numbers, and no idea who actually saved your details. It's time for a smarter way to network.

1 Paper cards get lost/damaged

2 Manual contact entry is slow

3 No way to track engagement for real

4 Track views, scans, and clicks

## BEFORE

# The *Paper Card* Chaos

Imagine: you're at an open house, handing out dozens of paper cards. Later, you wonder: did anyone save my number? Are they seeing my latest listings? The answer is often 'no'.

1 Details quickly become outdated

2 High printing costs for updates

3 Clients type numbers, risk errors

4 Track views, scans, and clicks

## AFTER

# Digital Card *Simplicity*

With Digital Card Creator, one QR scan is all it takes. Clients instantly save your up-to-date contact info and can connect via WhatsApp, eliminating errors and friction.

**1** QR scan saves details instantly

**2** Direct WhatsApp Connect for real

**3** Always current contact information

**4** Track views, scans, and clicks

## BEFORE

# Untracked & *Outdated* Efforts

You have no data on who scanned your paper card or if they ever looked at your portfolio. Every update to your listings or contact requires reprinting hundreds of cards.

1 Zero client engagement data for real

2 Constant reprint expenses for real

3 Missed follow-up opportunities

4 Track views, scans, and clicks

## AFTER

## Smart & *Always Current*

Our live analytics show you who scanned, who clicked WhatsApp, and who viewed your card. Update your card once, and it's current everywhere, instantly.

1 Track QR scans & clicks for real

2 Update all details instantly

3 Save money on reprinting for real

4 Track views, scans, and clicks
