

HOOK

Ready for Dental *Bookings*?

Before your dental clinic goes live with online scheduling, a robust checklist ensures a smooth launch. Don't overlook these essential setup steps.

- 1 Avoid launch errors
- 2 Ensure full functionality
- 3 Prevent patient confusion

01

Services & *Pricing*

Clearly define all dental services, their durations, and transparent pricing. This helps patients choose correctly and reduces pre-booking inquiries.

- 1 List all treatments
- 2 Set exact durations
- 3 Display clear costs

02

Staff Hours & *Holidays*

Configure precise working hours for each dentist and hygienist, including breaks and any upcoming holidays. Accurate availability is key to preventing conflicts.

1 Individual staff schedules

2 Block out vacation days

3 Manage special hours

03

NEW: Buffer Time Setup

Implement automatic buffer times between appointments. This is vital for dental practices for sanitization, instrument prep, and a quick break before the next patient.

- 1 Crucial for clinic flow
- 2 Ensures hygiene standards
- 3 Supports staff efficiency

04

NEW: Notifications & Payments

Set up automated appointment reminders and confirmation emails. Integrate PayPal for deposit collection or enable "cash on arrival" for full flexibility.

- 1 Automated reminders
- 2 Secure payment options
- 3 Reduces no-shows

NEW: Google Calendar *Sync*

Prevent double-bookings and keep your personal and professional schedules aligned. Sync BookWellNow appointments directly to your Google Calendar.

- 1 Real-time availability
- 2 Eliminate conflicts
- 3 Centralized scheduling
