

HOOK

Are Patients *Falling Through* the Cracks?

For doctors and clinics, every patient connection matters. Avoid common networking mistakes that lead to lost follow-ups and missed referrals.

1 Manual entry is error-prone for doctors

2 Paper cards get lost easily for doctors

3 No clear follow-up path for doctors

4 Track views, scans, and clicks

01

Mistake: Slow Patient *Contact Capture*

Asking patients to manually type clinic details into their phone is slow and introduces errors. It's a friction point at the end of a visit.

1 Takes time away from staff for doctors

2 Patients often skip saving for doctors

3 Risk of typos in contact info

4 Track views, scans, and clicks

02

Fix: One-Tap *Save to Contacts*

With Digital Card Creator, patients simply scan your QR code, and your clinic's details are saved directly into their phone's contact book with one tap.

1 Instant, accurate saving for doctors

2 No manual typing needed for doctors

3 Seamless patient experience for doctors

4 Track views, scans, and clicks

03

Mistake: No *WhatsApp Connect*

Making it difficult for patients to message your clinic directly means missed opportunities for quick questions or appointment updates.

1 Patients prefer instant chat

2 Slows down communication for doctors

3 Can lead to missed messages for doctors

4 Track views, scans, and clicks

04

Fix: Built-in *WhatsApp Connect*

Our digital cards feature a one-tap WhatsApp button. Patients can instantly connect with your clinic, streamlining communication and follow-ups.

1 Direct line to your clinic for doctors

2 Improves patient engagement for doctors

3 Faster response times for doctors

4 Track views, scans, and clicks
