

HOOK

Is your spa *juggling* bookings?

Fragmented booking systems across phone, WhatsApp, and spreadsheets can lead to missed appointments, manual errors, and frustrated clients.

- 1 Lost time managing manual bookings
- 2 Potential for double-bookings or errors
- 3 Clients struggle to book after hours

01

Reduce missed appointments

Moving clients to a self-serve system means fewer calls and more accurate scheduling. Our ****Client Reschedule**** feature empowers clients to adjust appointments themselves.

- 1 Clients reschedule without calling you
- 2 Automated ****notifications**** reduce no-shows
- 3 Real-time availability keeps slots filled

02

Eliminate manual errors

Say goodbye to transcription mistakes from phone calls or messy spreadsheet updates. BookWellNow's integrated calendar automatically manages your spa's availability.

- 1 24/7 online booking, no staff needed
- 2 Automated conflict prevention
- 3 Real-time updates across all staff schedules

03

Escape costly SaaS platforms

Many booking plugins cap your bookings or charge per staff member. BookWellNow's free core offers unlimited staff and services, protecting your budget as you grow.

- 1 No per-seat pricing for staff
- 2 Unlimited services and bookings
- 3 Free Zoom integration for online sessions

04

Migrate with ease

Our ****Booking Setup Wizard**** guides you step-by-step from activation to your first online booking. You'll be live in minutes, not days, without needing a developer.

- 1 Simple activation process
- 2 Add services and staff easily
- 3 Get online bookings fast
