

HOOK

Get Your Barbershop Booked *Fast*: No Tech Stress.

Many barbershop owners and WordPress agencies worry about complex booking system installations. We designed BookWellNow for simplicity and speed, getting you live in minutes.

- 1 Avoid lengthy setup guides
- 2 No coding experience needed
- 3 Focus on your business, not tech

01

Step 1: Install *BookWellNow*

Download the BookWellNow plugin directly from WordPress.org, or search for it in your WordPress dashboard under Plugins to Add New. It's a lightweight install, designed for speed.

- 1 Search 'BookWellNow' in WP admin
- 2 One-click install from repository
- 3 Under 15KB footprint – super fast

02

Step 2: Activate & Launch The *NEW* Setup Wizard!

Upon activation, our NEW intuitive Setup Wizard automatically guides you through the initial configuration. It's a step-by-step process that ensures everything is correctly set up.

- 1 Wizard launches automatically
- 2 Basic Info to Service to Staff
- 3 Relaunch anytime via Quick Setup

03

Step 3: Configure Your First *Service & Staff*

The wizard prompts you to define your barbershop's first service and add your initial staff member. This creates the foundational elements for your online booking system.

- 1 Add unlimited services (free)
- 2 Add unlimited staff members (free)
- 3 Define working hours and availability

04

Step 4: Add Booking *Shortcode* & Go Live!

Once configured, simply add the `[bookwell\_booking]` shortcode to any WordPress page or post. Your barbershop is now ready to accept appointments online, 24/7.

- 1 Works with Elementor, Gutenberg
- 2 Universal Booking Button option
- 3 Live and taking bookings in minutes
