

HOOK

Is your booking plugin *holding* you back?

Most booking plugins charge per staff member or limit your bookings. We believe your tutoring business deserves to grow without these artificial barriers.

- 1 No per-seat pricing
- 2 Unlimited services
- 3 No monthly booking caps

01

FREE core: *Unlimited* everything

BookWellNow provides a robust, free core plugin. Manage any number of tutors, services, and student bookings without ever hitting a limit.

- 1 Unlimited staff members
- 2 Unlimited services & packages
- 3 Unlimited student bookings

02

NEW: Google *Calendar* & *Meet*

Synchronize your tutoring schedule with Google Calendar to prevent conflicts and automatically generate Google Meet links for online sessions.

1 Auto-sync with Google Calendar

2 Generate Google Meet links

3 Eliminate scheduling errors

03

NEW: *Custom* Fields & *Buffer* Time

Tailor your booking forms to collect specific student information and automatically block prep time between lessons with our new Custom Fields and Buffer Time features.

- 1 Customize intake questions
- 2 Add essential prep time
- 3 Streamline student onboarding

04

NEW: Client *Reschedule & Notifications*

Empower students to reschedule appointments independently and keep everyone informed with automated booking confirmations and reminders. Fewer missed lessons, less admin work.

- 1 Self-serve rescheduling
- 2 Automated email reminders
- 3 Reduce no-shows effectively

Ready to take *bookings*?

BookWellNow makes managing your tutoring schedule simple and effective. Discover the flexibility and power of our plugin today.

- 1 Free core download
- 2 Expert install available
