

AUTOMATE

One booking *plugin* for every industry

Your WordPress site can handle complex scheduling. Here is the one setting that matters most for your business type.

01 / CLEANING

Flexible *staff shifts* and locations

Set custom working hours and travel buffers for each cleaner so your team never arrives late to a home.

02 / SALONS

Automated *buffer times* between clients

Add a 15-minute window after hair services to clean stations and prepare for the next guest without overlapping bookings.

03 / FITNESS

Instant *Zoom links* for virtual sessions

Auto-generate unique video meeting links for online consultations, sent directly in the booking confirmation.

04 / CONSULTING

Self-serve *customer panels*

Allow business clients to reschedule or cancel appointments on their own, saving hours of back-and-forth emails.
