

CASE STUDIES

How we ship *real results* for clients

A quick look at four custom web and mobile projects we delivered to help businesses scale cleaner.

01 / FOUNDRY

Streamlining industrial operations for *Jay Khodiyar*

We replaced outdated tracking with a robust web platform to manage production schedules and inventory.

02 / RETAIL

Seamless online sales for *Berry Blossom*

Our team designed and built a fast eCommerce experience that significantly increased web conversion rates.

03 / TAX PORTAL

Securing tax documents for *Sbataxes*

We built a highly secure custom portal to safely upload, process, and manage client tax files.

04 / FITNESS

Mobile coaching apps for *Body4Fitness*

We launched a native mobile app containing personalized workout routines, progress tracking, and client logs.
