01

Choose Your *Perfect* Service

Clients begin by easily selecting the service they need, viewing its description, duration, and price. Our clear interface ensures they find exactly what they're looking for, whether it's a quick consultation or a full-day workshop.

01

Browse all your available services
Set it once. Bookings run themselves.

02

See service duration and cost upfront

02

Pick Staff & *Time*

Next, clients see real-time availability. They can choose their preferred staff member (if applicable) and then select a date and time slot from your live booking calendar. Our system handles buffer times and prevents double-bookings automatically.
