

EXPAND YOUR OFFER

Unlimited services, packages, and classes!

Unlimite *Services*

Showcase your full range of offerings without restrictions. BookWellNow allows you to create as many services as your business requires.

No limits on the number of services you can add

Define unique durations and prices for each offering

Assign specific services to relevant staff members

01

Manage Every *Service* (Free)

Our plugin provides comprehensive tools to define and manage each service offered by your business, from individual appointments to group classes.

01

Service Types
Individual, packages, group classes.

02

Duration & Price
Tailor to each specific offering.

03

Staff Assignment
Connect services to qualified team members.

04

Auto-Select
Streamline booking for simple choices.

02

Efficiently *Duplicate* Services

Save valuable time by duplicating existing services to create new variations quickly. Ideal for similar services with minor differences.

- 01** Duplicate any service from the admin list with one click.
- 02** Quickly adjust duration, price, or assigned staff.
- 03** Create multiple versions of a service (e.g., 'Basic' vs. 'Deluxe').
- 04** No hidden caps or limits on the number of services you can create.
