Unlimited staff in the free core

Comment your business type

Free PayPal Checkout

Our free core plugin includes PayPal Checkout, supporting both sandbox for testing and live payments. Plus, offer 'cash on arrival' for in-person services, configured in Settings > Payments.

01

PayPal Live

Accept real payments directly.

02

PayPal Sandbox

Test payments without real money.

03

Cash on Arrival

Flexible offline payment option.

04

Auto-Hidden

PayPal unavailable currencies are hidden.

03

Expand Your *Methods*

For more advanced payment needs, our Pro version adds robust integrations like WooCommerce and Stripe, allowing you to accept credit cards and other payment types on your site.

01 Accept payment upfront to reduce no-shows.

02 Configure payment methods in Settings > Payments.

03 WooCommerce integration is a Pro feature.

04 Stripe / credit card processing is a Pro feature.
