

SMART SCHEDULES

# Your *calendar*, always accurate

0

*double bookings*

Never worry about booking two clients for the same staff member at the same time again. BookWellNow's calendar ensures real-time availability.

Automated conflict prevention

Shows only available slots

Real-time updates for all bookings

# Blocking *Conflicts*

Our system actively prevents overlapping appointments for the same staff member. If a time slot is booked, it's immediately removed from public view.

BEFORE

*The old way*

- ✗ Manual slot blocking
- ✗ Client calls to reschedule
- ✗ Staff frustration

AFTER

*With BookWellNow*

- ✓ Automated conflict prevention
- ✓ Seamless booking for clients
- ✓ Happy staff

02

## Full *Control*

Easily define staff working hours, breaks, holidays, and special days. Plus, set your calendar's "Week Starts On" (e.g., Monday) and use the Day Calendar for a clear overview.

**01** Manage staff working hours and shifts

**02** Define breaks and time off for each staff

**03** Set specific holidays and special days

**04** "Week Starts On" setting (default Monday)
