

TAILORED INTAKE

Your *forms*, your way

0

lines of code

Collect the right client information with custom booking forms. Our intuitive Form Fields admin lets you configure everything without any coding.

Customize standard booking fields

Set fields as required or optional

Reorder fields with drag-and-drop

Essential *Fields*

Access the Form Fields admin to customize basic contact details: phone, first name, last name, email, and notes. You can also add a terms checkbox.

01

Basic Fields
Fixed structure, hard to modify

02

Incomplete Data
Missing crucial client details

03

Manual Efforts
Contacting clients for more info

04

BookWellNow Forms
Flexible fields, complete data

02

Design *Flexibility*

Control visibility, labels, placeholders, and error messages for each field. Arrange them in any order, choose full or half width, and enable phone country flags.

01 Hide or show any field

02 Customize field labels and placeholders

03 Define custom error messages

04 Drag-and-drop to reorder fields
