Seamless Overnight Shifts

1

continuous shift

Managing shifts that cross midnight is now effortless with BookWellNow. Our system treats them as one continuous period, simplifying scheduling for your business.

Perfect for businesses open late

No more complicated split shifts

Effortless Midnight Scheduling

BookWellNow allows you to set staff shifts that start one day and end the next, recognizing them as a single, unbroken shift.

BEFORE

The old way

- ✗ Splitting shifts at midnight
- ✗ Client confusion over dates
- ✗ Manual workarounds for late hours

AFTER

With BookWellNow

- ✓ Single, continuous shifts
- ✓ Clear +1 day labels
- ✓ Automated overnight booking

02

Flexible Special Days

Our plugin enables you to precisely define start and end times for Special Days and Holiday Days, using your site's default date format.

01 Set unique hours for public holidays or special events

02 Specify custom availability for individual staff members

03 Ensures accurate booking windows during non-standard days

04 Found in your staff's Holiday Management settings
