

NO MORE MISSED APPOINTMENTS

Keep your *team's* calendars perfectly in sync.

24/7 *online booking*

Juggling multiple staff calendars can lead to errors. Our PRO Google Calendar sync automatically updates BookWellNow and your team's Google Calendars, preventing conflicts before they happen.

Eliminate double-bookings

Boost team coordination

Save time on manual updates

01

Two-way sync with Google

BookWellNow PRO integrates directly with your Google Calendar accounts. Any booking made in BookWellNow instantly reflects in your Google Calendar, and any event added to Google Calendar blocks availability in BookWellNow.

01 PRO: Set up in Settings > Integrations

02 PRO: Connect staff Google accounts individually

03 PRO: Block time in BookWellNow from Google Calendar events

04 PRO: New BookWellNow appointments appear in Google Calendar

Peace of mind

This PRO feature ensures that your team's availability is always current, whether they manage their schedule through BookWellNow or Google Calendar. Reduce communication overhead and let the system handle the updates.
