Easy PRO Service *Add-ons*

Our Pro version lets you create and manage service extras directly from your WordPress admin dashboard. These add-ons appear during the booking process, giving clients the option to enhance their experience.

BEFORE

The old way

- ✗ Manually upsell at checkout
- ✗ Limited client choices
- ✗ Missed revenue opportunities

AFTER

With BookWellNow

- ✓ Automated upsells during booking (Pro feature)
- ✓ Clients customize their services (Pro feature)
- ✓ Increased average appointment value

02

Advanced *Selection* Rules (PRO)

BookWellNow Pro goes beyond simple add-ons. You can define advanced rules that control when and how extras are offered, ensuring they're relevant and available for the right services and clients. Customize your Form Fields to capture all necessary info.

- 01** Set conditional rules for add-on visibility (Pro feature)
- 02** Group related extras for a smoother client experience
- 03** Apply add-ons based on service duration or staff selection
- 04** Optimize your offerings to maximize client satisfaction and revenue
